

YOUR WORKOUT SPLIT

Day 1: Push

The first day in the split is for Chest, Shoulders and Triceps

- Pick 3 Chest Exercises, three are included below.
- Pick 2 Shoulder Exercises, three are included below.
- Pick 1 Triceps Exercise, three are included below.

Day 2: Pull

The second day in the split is for Back and Biceps

- Pick 3 Back Exercises, three are included below.
- Pick 3 Bicep Exercises, three are included below.

Chest

Exercise 1 Upper Chest:

Incline Bench Press:

- 1) Position the bench around 40 degrees
- 2) Lay flat on the bench
- 3) Lower elbows to line up with mid chest, if using a barbell lower to your mid chest
- 4) Raise the weights until elbows have locked.

Exercise 2 Mid Chest:

Incline Bench Press:

- 1) Position the bench to be flat
- 2) Lay flat on the bench
- 3) Lower elbows to line up with mid chest, if using a barbell, lower bar to your mid chest
- 4) Raise the weights until elbows have locked.

Exercise 3 Lower Chest:

WorkoutLabs.com

Cable High -> Low Fly's:

- 1) Set up cables above shoulders
- 2) Put one leg forward and bend knees slightly
- 3) Bring cables in front, and below your chest, squeezing your chest in the process
- 4) Control the weight and bring back to rest position

Triceps

Exercise 1:

Cable Pushdowns:

- 1) Set a cable up at the top of the machine
- 2) Keep arms glued to either side, and only use your elbows as pivot points
- 3) Pull the weight down until arms are parallel with body
- 4) Return to rest position with controlled motion.

Exercise 2

Skull Crushers:

- 1) Lay flat on floor or bench and start with fists extended to ceiling.
- 2) Contract elbows and bring weights until your fists are near your temples.
- 3) Extend elbows back to top, and flex triceps.

Shoulders

Exercise 1:

Shoulder Press:

- 1) Start with weight(s) above shoulder
- 2) Raise the weight directly upwards and pause at the top of the motion
- 3) Lower the weights back down to the starting position.

Exercise 2:

Lateral Raises:

- 1) Stand up straight with dumbbells at either side.
- 2) Raise arms on either side until they are parallel with the floor.
- 3) Slowly return to starting position

Exercise 3:

Rear Delt Fly (Dumbbells):

- 4) With dumbbells in both hands, sit on a bench and lean forward into your knees
- 5) With slightly bent elbows, raise your arms up to shoulder level, pausing at the top.
- 6) Slowly return to starting position.

Biceps

Exercise 1

Bicep Curls:

- 1) Stand straight with weight(s) in hand
- 2) Raise weights using elbows and twist your forearm until your palm is level with your shoulder
- 3) Lower to original position and control weight
- 4) Can do both at once, or alternating

Exercise 2:

Incline Dumbbell Curl:

- 1) Set up bench at 45 degrees
- 2) Start with arms hanging off the side of the bench towards the floor holding dumbbells
- 3) Curl arms towards shoulder
- 4) Can do both at once, and alternating.

Exercise 3:

Preacher Curls:

- 1) Lean arm over elbow rest, while holding weight.
- 2) Curl weight up to shoulder
- 3) Control weight back until forearms are parallel with ground.

Back

Exercise 1:

Seated Rows:

Overhand Grip – Upper Back

Neutral Grip – Mid Lats

Underhand Grip – Lower Back

- 1) Sit with your back straight, and grip handle of cable
- 2) Pull back the handle using your arms, and puff your chest
- 3) Pull handles towards body until your hands are near your stomach

Pulldowns:

- 1) Grip cable while hands are spaced a bit
- 2) Lay flat on the bench
- 3) Lower elbows to line up with mid chest, if using a barbell, lower bar to your mid chest
- 4) Raise the weights until elbows have locked.

Exercise 2:

Exercise 3:

Dumbbell Row:

- 1) Grab Weights and hinge hips forward, make torso parallel to ground
- 2) Hang shoulders over and pull your elbows straight behind you (towards ceiling)
- 3) Control weight to rest position.
